TO BALANCE IMAGINATION WITH RESULTS...

▲ PERFECT EVEN FEEDING

EXCLUSIVE SENSOR SYSTEM™ automatically and continuously senses and adjusts for any fabric thickness. Simply engage the Integrated Dual Feed technology, and it will feed fabric layers and quilt batting evenly from the top and bottom.

▲ HASSLE-FREE THREADING

With one touch of a button, your needle is threaded and ready to sew with the fully automatic needle threader.

▲ MORE SPACE

Enjoy more than 12" (310mm) to the right of the needle and the market's tallest working area at over 5.5" (140mm) gives plenty of room for large, bulky projects. Your hands will rejoice with the generous height under the sewing head, 3" (77mm), allowing you more space and visibility around the needle.**

**BEST
IN CLASS**

◀ LET NOTHING STOP YOU

Superior sewing performance with electronic needle piercing power and the most frontmost fabric feeding segments in the industry. Great for heavy fabrics or multiple layers.**

**BEST
IN CLASS**

◀ THE FUTURE IS BRIGHT

Developed by optronic experts using revolutionary LED technology and light guide optics, the work area lighting on the DESIGNER EPIC™ 2 allows you to see stitches in true color with virtually no shadows. This best-in-class lighting is a true eye-saver.**

▼ SUPERIOR DETAILS

The built-in telescopic thread guide allow you to use larger thread spools without the bulk of additional accessories.**

**BEST
IN CLASS**

▲ TIME SAVING AT ITS FINEST

Sew and embroider for longer periods without interruption with the larger bobbin size. Plus, use the separate bobbin winding motor to wind a bobbin while working on other things, saving you even more time.**

▲ ERGONOMIC DESIGN

You were the design inspiration for this comfortable, intuitive machine. From the rubberized handwheel and carrying handle to the location of each button, all details were thoughtfully fashioned with your sewing in mind.

**BEST
IN CLASS**

◀ DYNAMIC EMBROIDERIES

Embroider large projects with the included Imperial 360x260mm hoop or let your creativity grow even larger and embroider with the market's largest embroidery area using the optional 360 x 350mm DESIGNER™ Majestic Hoop.**

**BEST
IN CLASS**

▲ CUSTOMIZE ANY IDEA WITH EASE

The generous 10.1" capacitive touch tablet-like screen enables you to easily navigate on-screen using touch gestures like swipe, pinch, and spread - just like on your smartphone or tablet.**

MADE FOR SEWERS, BY SEWERS™

The Integrated Dual Feed technology will take your sewing forward and further without the need for a separate dual feed presser foot. Every sewist's dream!

PERFECT EVEN FEEDING

Simply engage the Integrated Dual Feed technology, and it will feed fabric layers and quilt batting evenly from the top and bottom. Perfect for quilting, stretch fabrics, and any fabric that requires precise pattern matching. The sensor on the DESIGNER EPIC™ 2 machine will prompt you when it is best to engage or disengage the Integrated Dual Feed technology based on your fabric type and selected stitch.

LET THE MACHINE GUIDE YOUR WAY

The Adjustable Laser Sewing Guidance feature will quickly become your favorite sewing technology on the DESIGNER EPIC™ 2 sewing and embroidery machine! With the touch of a button, the Adjustable Laser Sewing Guidance is projected onto your fabric to help you align lines of decorative stitches, consistently space lines of quilting, and more – along straight or curved edges.

The Adjustable Laser Sewing Guidance feature helps lead the way in your next project while using the exclusive Laser Pictogram Stitches. The 27 Laser Pictogram Stitches can be used to create a vast variety of combinations and unique medallion designs.

TAKE YOUR SEWING ONE STEP FURTHER

Control multiple functions of your machine like thread cut or reverse without taking your hands off your project with the optional Multi-Function Foot Control capability on the DESIGNER EPIC™ 2 machine. This innovative attachment connects to the machine via an extra long 8'2" (2.5m) USB cord suitable for various sewing positions. Program the three switches to perform one of five functions to your personal preference on the DESIGNER EPIC™ 2 screen.

ONE-OF-A-KIND EMBROIDERIES

Create three-dimensional ribbon embroideries with the innovative, optional Ribbon Embroidery Attachment! The DESIGNER EPIC™ 2 sewing and embroidery machine is the first home embroidery machine in the industry with ribbon embroidery attachment capability!*

With the motorized, optional Ribbon Embroidery Attachment, your DESIGNER EPIC™ 2 sewing and embroidery machine will guide and embroider down ribbon in all directions.

WIDE DECORATIVE STITCHES

Create an impact with 9mm standard width decorative stitches and side-motion stitches (up to 54mm) for any special project.

PATENTED AND EXCLUSIVE STITCH TECHNIQUES

Customize any project with exclusive and patented stitch techniques that give your project dimensional elements that are effortless and irresistible: Pop-Up Stitches, Sequin Stitches, Appliqué Stitches, Yarn Stitches, Theme Stitches, and Laser Pictogram Stitches.
